

July 2012

To whom it may concern.

In the design phase of my home at 49 Olive Crest Estate Northriding, I decided to include a home automation system.

I studied various options from 3 different suppliers and decided to use Green Wave Automation because Nigel Armstrong was very professional, accommodating and designed a system that came in within budget.

I monitored the wiring, installation and programming phases and was very impressed with the whole process.

I strongly recommend Green Wave Automation, I would definitely use them if I was building again.

Yours sincerely

Chris Jenks
